DETAILED ACTION

This office action is in response to an amendment filed on 6/16/2009.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2, 20-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In base claim 1, Applicants claimed "a first dielectric layer made of a material having different refractive index from a material forming the insulation layer"; and a second dielectric layer made of a material having a substantially same refractive index as the material forming the insulation layer" wherein the limitation "the insulation layers" are indefinite since it is not clear "the insulation layers" are referred to the first or second insulation layer.

Allowable Subject Matter

3. Claims 2, 20-24 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
